

SmartHome Thermostat - White

Control your electric underfloor heating with your voice via Amazon Alexa and Google Home using the SmartHome thermostat.

- Full colour display and simple language menus makes it easy to set up and use.
- Internet connection via the ThermoSphere SmartHome Hub and Zigbee connectivity.
- Set up user accounts for the whole family to access.
- All SmartHome features are accessible from your smartphone. Change your temperature, edit your heating schedules and adjust all of the settings.
- Smart adaptive start learns how long your floor takes to heat up and reduces energy consumption.
- Open window sensor monitors the room temperature and switches off automatically if a door or window is opened.
- 7 day heating schedule with 2, 4 or 6 events per day.
- Built in energy monitor to help you reduce your energy consumption.

Technical data

Code	SHC-W-01
Supply voltage	230V 50/60Hz
Maximum load	16A (3600W)
Temperature range	5 - 50°C
Size	W 87 x H 87 x D 36 mm
Protection rating	IP21
Mounting	22mm deep back box
Sensor Rating	NTC 10kΩ @ 25°C
Network requirements	SmartHome Hub
Warranty	3 years

Product dimensions

The ThermoSphere App

The ThermoSphere App allows you to connect your electric underfloor heating thermostat via the SmartHome Hub; allowing accurate control from anywhere.

Set your target temperature and edit the heating schedule and adjust all of the settings via your smartphone.
