

# thermo Sphere

## Wireless Dual Control

Control electric underfloor heating and towel rail or mirror demister with the same thermostat, wirelessly.

- Exclusive to ThermoSphere, it's the only wireless dual control thermostat available in the UK.
- Install as either landscape or portrait and choose from eight coloured backgrounds.
- Smart adaptive start learns how long your floor takes to heat up and reduces energy consumption.
- Open window sensor monitors the room temperature and switches off automatically if a door or window is opened.
- 868MHz RF wireless connectivity with the ThermoSphere Wireless Hub (Hub required).

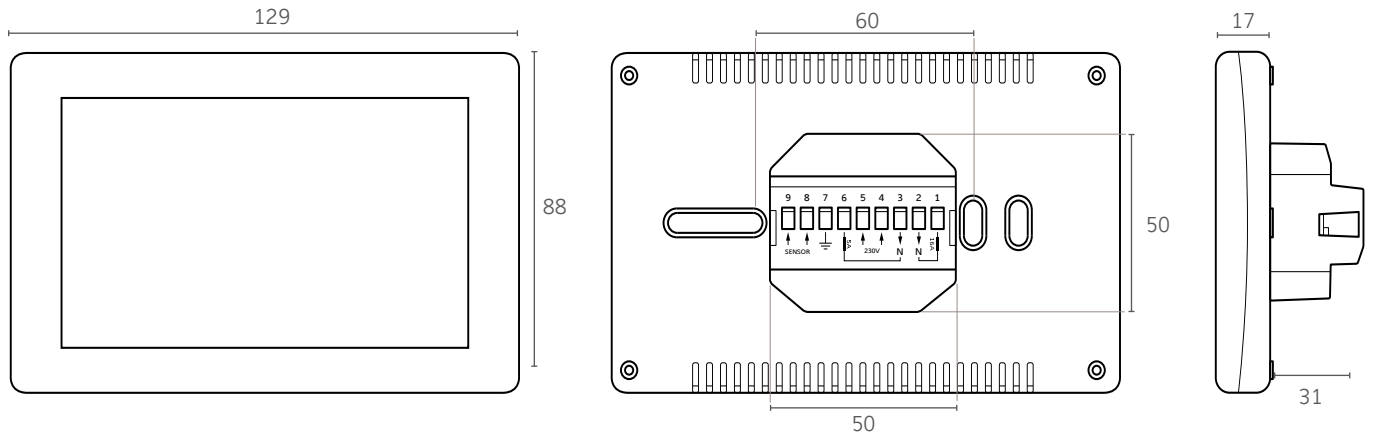

### Technical data

|                      |                        |
|----------------------|------------------------|
| Code                 | DWC-W-01               |
| Supply voltage       | 230/240V 50/60Hz       |
| Primary relay        | 16A (3600W)            |
| Secondary relay      | 5A (1125W)             |
| Max combined load    | 20A (4600W)            |
| Temperature range    | 5 - 35°C               |
| Size                 | W 129 x H 88 x D 17 mm |
| Protection rating    | IP30                   |
| Mounting             | 45mm deep back box     |
| Sensor rating        | NTC 10kΩ @ 25°C        |
| Network requirements | Wireless Hub           |
| Warranty             | 3 years                |

## Product dimensions

## MyThermotouch app

MyThermotouch allows you to connect your electric underfloor heating thermostat to a wireless router, allowing accurate control from anywhere.

Set your target temperature and edit the heating schedule from your smartphone.

## Box Contents

- 1 x ThermoSphere Wireless Dual Control.
- 1 x Installation guide.
- 1 x 3m floor temperature sensor probe.
- 1 x 2m sensor conduit.
- 2 x Fixing screws.
